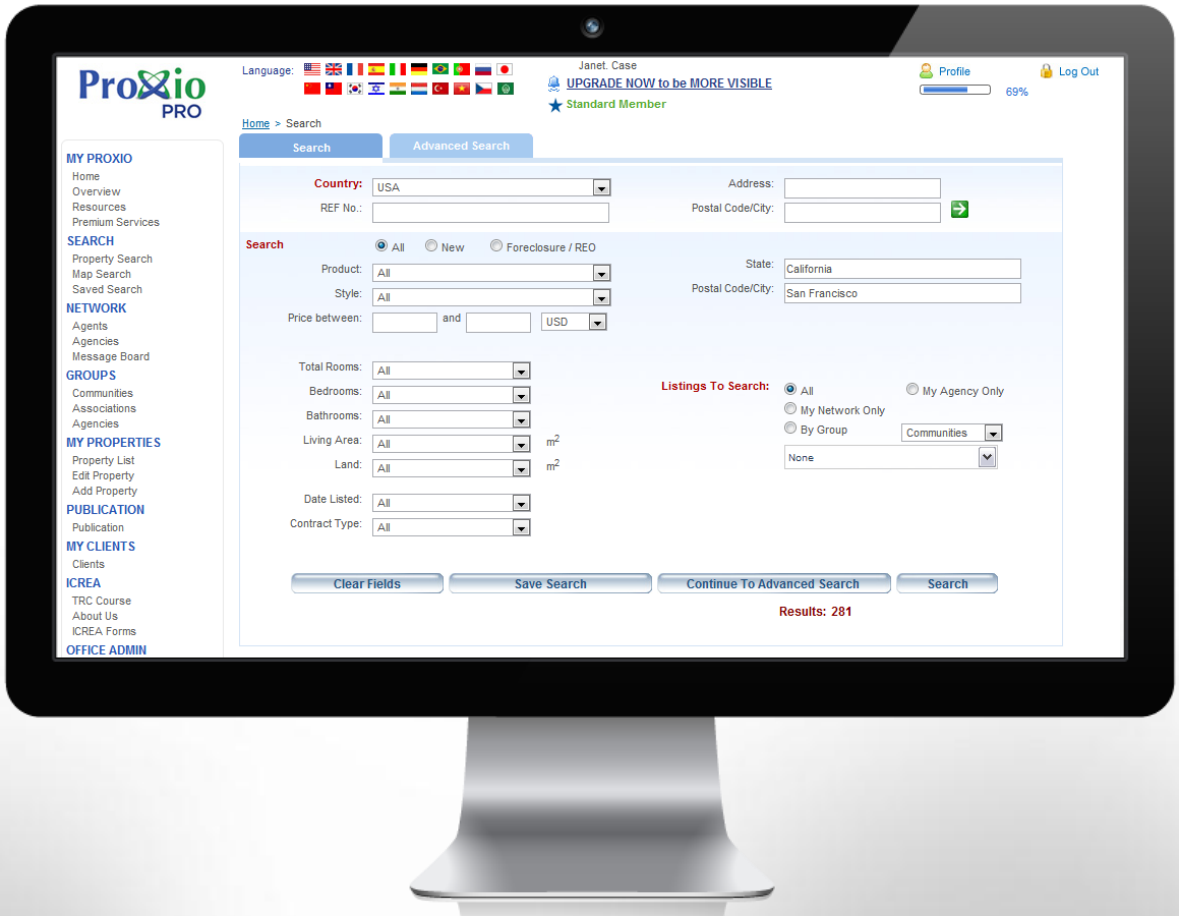
Client Report

Wouldn't it be great if you could present relevant listings to your clients with your contact information rather than that of the listing agent? You can! And, we've made it easy.

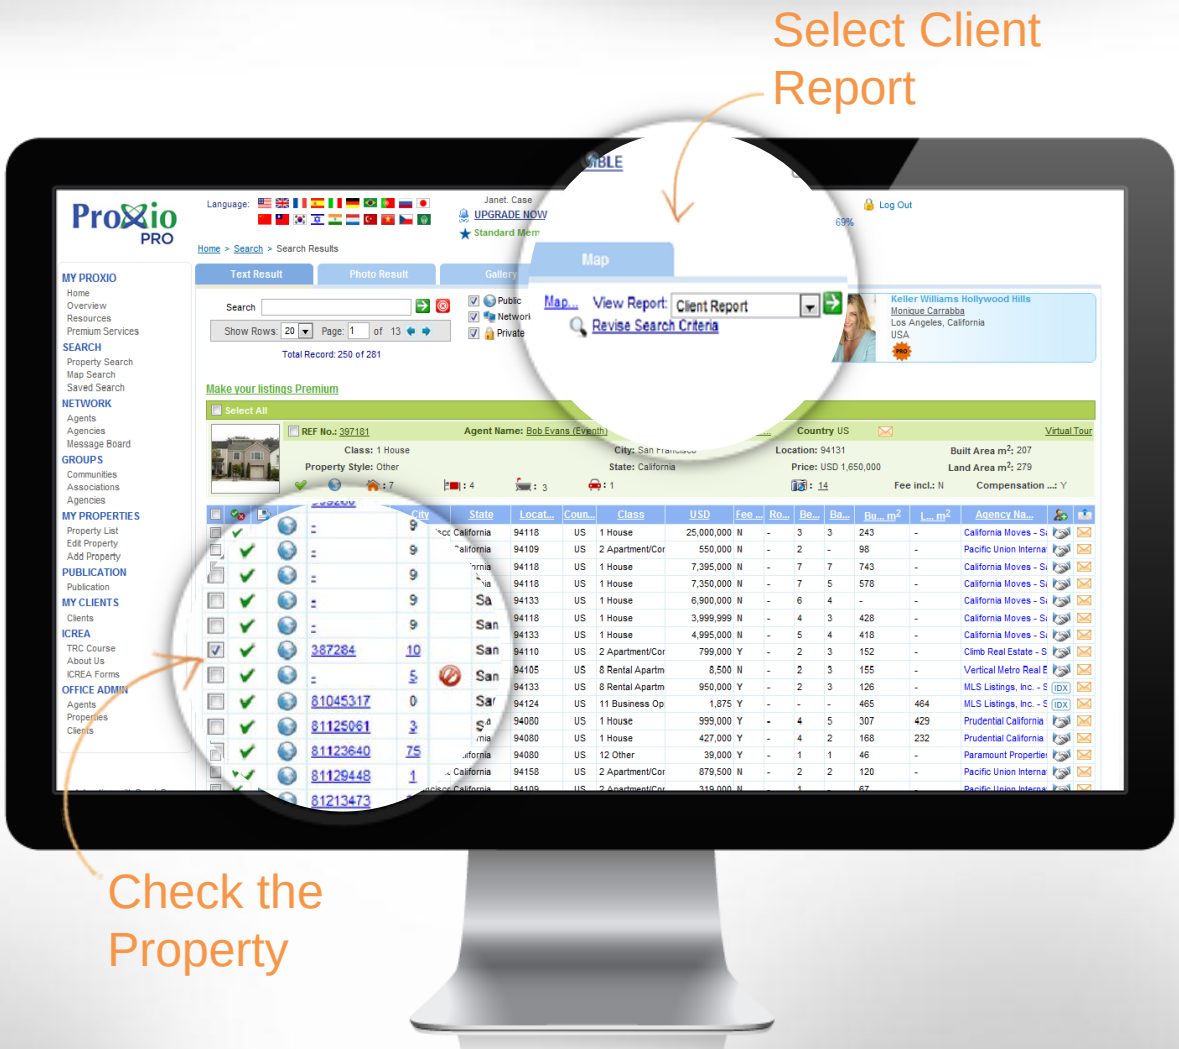
Step One

Click on Search for Properties



Step Two

Fill out all of the search criteria and click “Search.”

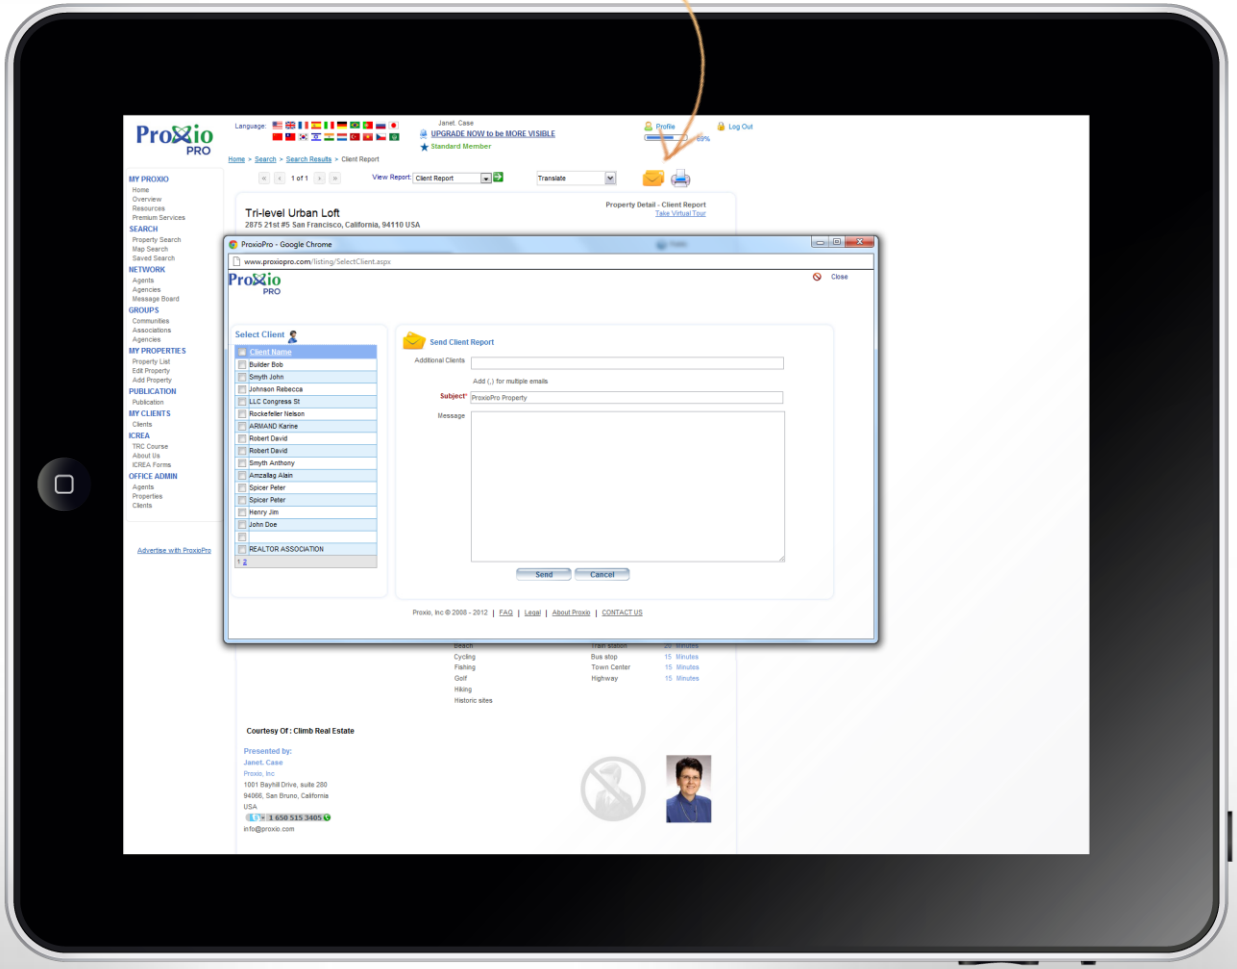


Step Three

First, check the box of the property you want to present. Then, select “Client Report” under View Report and click the green button with the arrow inside.

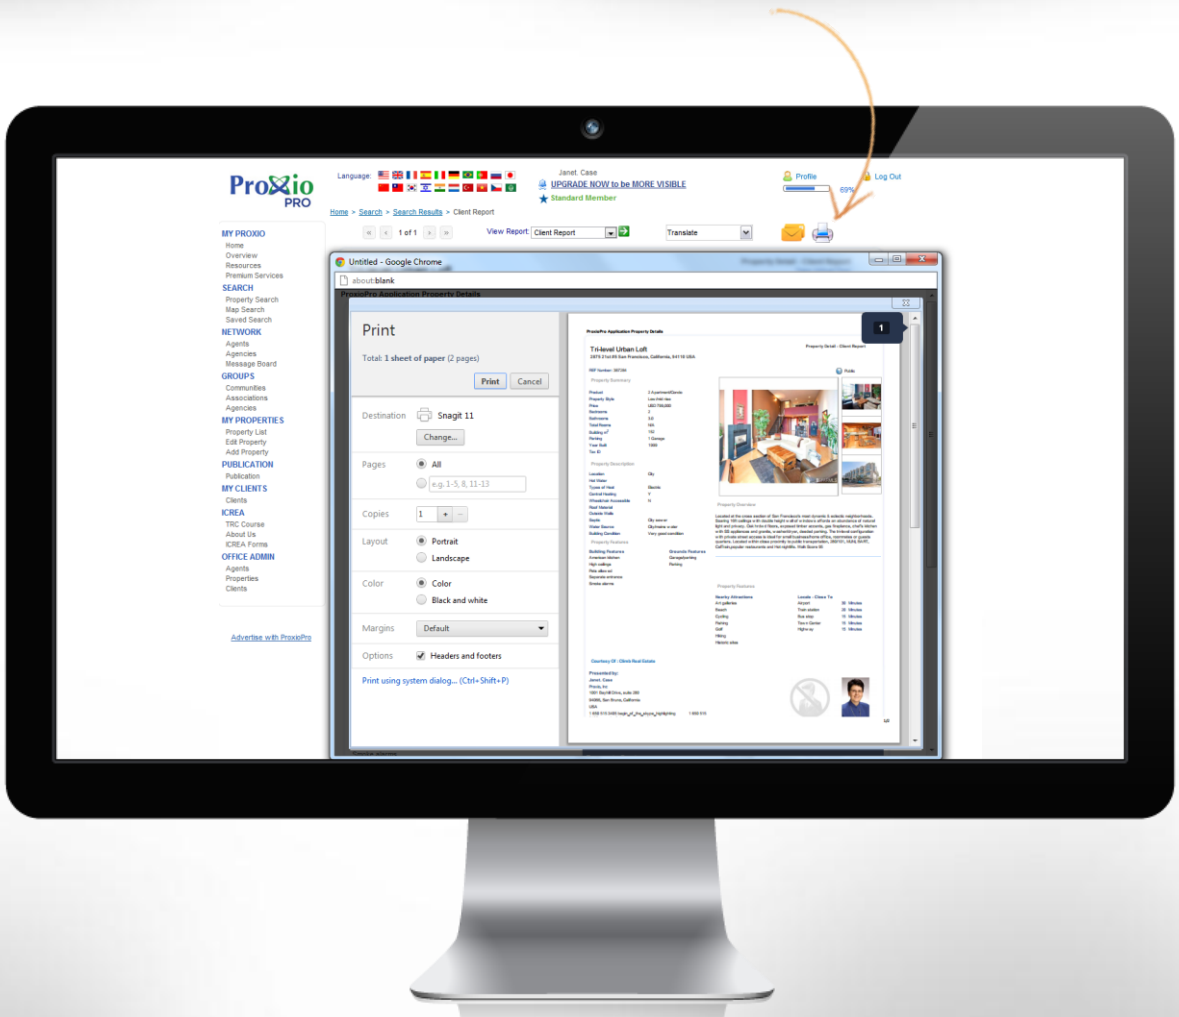
Step Four

The property detail is now presented with your name and contact information.



Step Five

Click the envelope icon to email the Client Report.



Step Six

Click the printer icon to print your Client Report
